Kambiri is the youngest gorilla of the group. She was born on Nov. 3, 2010 and is Kiki's third daughter. Her father is Kit and her sisters are Kira and Kimani.

For the first few months after her birth, Kiki held onto Kambiri and would not let the others touch her. As she grew, Kambiri could be seen holding onto Kiki's leg and sitting on her foot while she walked. Eventually, she began riding on Kiki's back.

Kambiri loves oatmeal.
